An Opportunity To Make A Real Difference

This past year Snipes Farm and Education Center created two new community partnerships: first, with the Bucks County Homeless Shelter; and second, with The Bucks County Housing Group. With the help of two small start-up grants, we were able to provide 4 CSA memberships to the shelter kitchen (Ron the cook prepares food for 75 residents each day) and 6 for families working with the assistance of the BCHG to transition from homelessness to independent living. We want to continue these wonderful partnerships in 2010. Snipes Farm and Education Center is committed to building community around the experience of sustainable farming as well as to addressing the inequality of access to healthy food.

We are offering you the opportunity to help us do this by making a charitable contribution along with your 2010 CSA membership towards maintaining these vital partnerships and providing healthy food to our neighbors who are working hard to make their lives better. Any help you can provide is greatly appreciated. Our goal for 2010 is that 10% of our CSA shares go to families in the Red Cross Shelter and the Bucks County Housing Group.
